

臨床病理 Vol. 62 No. 8 2014

牧野幹男先生を偲ぶ..... 735

■経験

採血患者誤認を契機とした検体照合システムの導入と技師の病棟採血への参加

—臨床側との連携をめざして—.....永井聖也... 749

交差反応性を改善した化学発光酵素免疫法による

エストラジオール(E2)測定試薬の性能評価.....山本恭平... 755

■トピックス：小児検査のノウハウ

小児に特徴的な検査.....塚本桂子... 761

小児の検体採取のテクニック.....湯本悠子... 766

小児の検査時の鎮静，鎮痛について.....門崎衛... 775

小児生理検査を効率的に行う工夫—検査技師の立場から—.....山寺幸雄... 782

年齢による影響の大きい小児の検査

—ALP，AFP，免疫グロブリンを中心に—.....山田佳之... 795

■第60回学術集会

Reversed Clinicopathological Conference(R-CPC) (1)

臨床で利用しやすい検査結果を提供しよう.....菅野光俊... 802

Reversed Clinicopathological Conference(R-CPC) (2)

臨床で利用しやすい検査結果を提供しよう.....本田孝行... 811

Rinsho Byori Vol. 62 No. 8 2014

■ Experience Report

- Management Directed at Preventing Misidentifications by Introduction of
the Computed Identification System and Blood Sampling by the Transfusion Unit;
Aim for Good Partnership between a Transfusion Unit and Bedsides*Seiya NAGAI* · · · 749
- Cross-Reactivity Evaluation of Improved Estradiol (E2) Assay Reagent
Based on Chemiluminescent Enzyme Immunoassay*Kyohei YAMAMOTO* · · · 755

■ Topics: Techniques and Procedures of Pediatric Examinations

- Specific Examinations for Infants and Children*Keiko TSUKAMOTO* · · · 761
- The Procedures for Sampling Specimens in Pediatrics *Yuko YUMOTO* · · · 766
- Pediatric Patient Sedation and Analgesia for
Diagnostic Medical Procedures*Mamoru KADOSAKI* · · · 775
- How to Efficiently Conduct a Physiological Examination of a Child
— From the Viewpoint of a Medical Technologist — *Yukio YAMADERA* · · · 782
- Laboratory Test Values in Children Significantly Depend on Age:
Focus on Alkaline Phosphatase (ALP), Alpha-Fetoprotein (AFP),
and Immunoglobulins *Yoshiyuki YAMADA* · · · 795

■ The 60th National Congress

- Reversed Clinicopathological Conference (R-CPC) (1)
Let's Interpret Laboratory Data as Physical Findings*Mitsutoshi SUGANO* · · · 802
- Reversed Clinicopathological Conference (R-CPC) (2)
Comments on Routine Laboratory Data
That are of Practical Use for Physicians *Takayuki HONDA* · · · 811
