臨床病理 Vol. 63 No. 3 2015

| 2015 年度日本臨床検査医学会 学会賞募集要項 | | | | |
|---|----------|-------|----------------|------|
| COI 自己申告書提出にあたって | | ••••• | ••••• | 295 |
| ■原著 A Hospital-Based Analysis in the Department of Clinical Chemistry for the Patients | with | | | |
| HBV Reactivation after Anti-Cancer or Immunosuppressive Therapy <i> Tomoe</i> . High Frequency of Hepatitis B Core and Surface Antibodies in Hepatitis C Virus-Inf | MAT | | | 297 |
| the Screening Examination | | | | 305 |
| LDL-C 測定値の相違 | 部 | 美佐 | i子・・・ | 312 |
| ■Letter 乳癌セルブロックを用いたホルモン受容体およびHER2 検査: | | | | |
| 当院における日常運用経験西 | 村 | 理恵 | ī子・・・ | 319 |
| ■トピックス:多戦略的大腸癌バイオマーカー開発 | | | | |
| 大腸癌組織膜蛋白質のプロテオーム解析によるバイオマーカーの開発朝 | 長 | | 毅・・・ | 322 |
| メタボローム解析を用いた大腸癌バイオマーカーの開発と可能性山 | 崎 | 泰 | 代···· | |
| 血液検体の microRNA 解析 ··································· | 村 | | 創・・・ | 336 |
| 癌の診断・治療に役立つバイオマーカー候補としての 選択的スプライシングと研究基盤整備松 | Ŧ | | ц. | 0.47 |
| 選択的スノライシンクと研究基盤整備 大腸癌診断のための便中バイオマーカー | ト 智 | | 之···· 勝···· | |
| | 具 | 旦. | 1175 | 501 |
| ■第 33 回東海・北陸支部例会 特別講演 | | | | |
| 造血器腫瘍診療における遺伝子変異検査の必要性 | 井 | | 仁・・・ | 369 |
| ゲノム解析技術を臨床検査に | 谷 | | 中・・・ | 377 |
| MALDI-TOFの微生物検査への応用【抄録】 | 岸 | 由 | 佳・・・ | 384 |
| 幹細胞技術の検査医学研究への応用【抄録】」 | 島 | 伸 | 治···· | 385 |
| ■第46回東北支部総会 教育講演:新任検査部長に聴く~専門領域研究の紹介と今後の検査部運営への | 包負~ | J | | |
| 甲状腺超音波検査の進歩とこれからの発展 | | м. | | 000 |
| ~福島から一歩先の検査医学の発信を目指して~ 内科学と検査医学の融合を目指して | | 浩 | 己・・・ 誠・・・ | |
| 内科学と棟査医学の融合を目指して | 川 でって | 117 | 1923 | 392 |
| ううパラうム・検査部定者の間内感とう後の方向によう、検査部で向か问题と、 司会のことば | | | | 397 |
| 技師不足への取り組み~団塊世代の退職を迎えて森 | 兼 | | 众 太・・・ | |

| 2014 年度第3回臨床検査専門医・管理医審議会議事録 | ••••• | | | 404 |

Rinsho Byori Vol. 63 No. 3 2015

■Original

| | A Hospital-Based Analysis in the Department of Clinical Chemistry for the Patients with HBV Reactivation after Anti-Cancer or Immunosuppressive Therapy <i> Tomoe MATSUZAKI</i> High Frequency of Hepatitis B Core and Surface Antibodies in Hepatitis C Virus-Infected Patients on the Screening Examination <i>Chiaki SUTO</i> Differences in Measured Values among Homogenous Assay Reagents of LDL-C in LP-X Positive Serum Samples <i>Misako ABE</i> | 305 |
|---|--|---------------------------|
| _ | | • |
| | Hormonal Receptor and HER2 Analyses for Breast Cancer Using Cell Blocks in Routine Work: Experience at Our Institution <i>Rieko NISHIMURA</i> | 319 |
| | ■Topics : Multi-strategic Colorectal Cancer Biomarker Development | |
| | Biomarker Discovery of Colorectal Cancer Using Membrane Proteins Extracted from Cancer Tissues <i>Takeshi TOMONAGA</i> Metabolome Analysis of Human Serum: | 322 |
| | Implications for Early Detection of Colorectal Cancer | |
| | Circulating MicroRNAs as Biomarkers of Colorectal Cancer <i>Tsukuru UMEMURA</i> | 336 |
| | Alternative Splicing Detection as Biomarker Candidates for Cancer Diagnosis and Treatment with Establishment of Clinical Biobank in Chiba University <i>Kazuyuki MATSUSHITA</i> | 347 |
| | Fecal Biomarker for Colorectal Cancer Diagnosis Yoshikatsu KOGA | |
| | The 33rd Tokai-Hokuriku Regional Conference Special Lecture Necessity of Genetic Examination in Treatment for Hematological Malignancies Symposium : | |
| | Genomic Tests: From Basic Research to Clinical Practice | 377 |
| | | |
| | The 46th Tohoku Regional Congress Educational Lecture Current Advances and Future Development of Thyroid Ultrasound Examination Steps toward State-of-the-Art Laboratory Medicine in Fukushima - <i>Hiroki SHIMURA</i> Integration of Internal and Clinical Laboratory Medicine <i>Makoto HIROKAWA</i> Symposium : Issues Associated with the Management of Clinical Laboratories and T Future: What is the Problem in Our Laboratory? Chairmen's Introductory Remarks <i>Keita MORIKANE</i> Strategies to Cope with the Shortage of Technologists: Facing the Mass-Retirement of the 'Baby-Boomer' Generation | 392 heir 397 |
| | Educational Lecture Current Advances and Future Development of Thyroid Ultrasound Examination - Steps toward State-of-the-Art Laboratory Medicine in Fukushima – <i>Hiroki SHIMURA</i> Integration of Internal and Clinical Laboratory Medicine <i>Makoto HIROKAWA</i> Symposium : Issues Associated with the Management of Clinical Laboratories and T Future: What is the Problem in Our Laboratory? Chairmen's Introductory Remarks Strategies to Cope with the Shortage of Technologists: | 392 heir 397 400 |
